

I am waiting on You

I am seeking for You

For the power of Your love

For Your presence, Your touch

Pre chorus

How great You are

How great You are

Chorus

You are all my heart longs for

You're my joy my song

You are all my soul seeks for

You are my first love

I am trusting in You

I'm believing in You

With the light of Your face

~~Every day I am blessed~~

With your favour I'm
